

# TEGO® Sorb A 30

## Composition

TEGO® Sorb A 30 is a highly effective odour absorber based on the zinc salt of ricinoleic acid activated by an amino acid.

## Physical properties

|                          |                  |
|--------------------------|------------------|
| Appearance (20 °C)       | yellowish liquid |
| Density                  | 1.11 – 1.14 g/ml |
| pH value (10 % solution) | 10.0 – 10.5      |
| Zinc concentration       | 2.6 – 3.2 %      |

## Application

TEGO® Sorb A 30 excellent odour absorbing properties makes it suitable for a wide variety of applications.

## Benefits

Odour developed by osmogenes like hydrogen sulfide, mercaptane, thioether, isovaleric acid and ammonia can be effectively controlled during the usage of TEGO® Sorb A 30.

TEGO® Sorb A 30 has no bacteriostatic or fungistatic properties and does not interfere with biological systems.

## Dosage/Handling

TEGO® Sorb A 30 is directly dilutable in water. It gives crystalline residues after drying.

## Registration status

The ingredients of TEGO® Sorb A 30 are listed on the following chemical inventories:

EINECS, TSCA, NDSL, ECL, China, AICS

## Storage stability

As delivered TEGO® Sorb A 30 can be stored in closed drums and containers for 12 months.

Due to its high water content, TEGO® Sorb A 30 is sensitive to frost. The product should not be stored at temperatures less than 5 °C.

The clear solution can be regenerated by slowly heating the material whilst stirring; overheating should be avoided.

## Packaging

25 kg cans (16 x 25 kg cans)  
200 kg plastic drums (4 x 200 kg drums)

## Hazardous goods classification

Information concerning

- classification and labelling according to regulations for transport and for dangerous substances
- protective measures for storage and handling
- measures in case of accidents and fire
- toxicity and ecological effects

is given in our material safety data sheets.

07/2015

## Trademark notice and legal notice

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability or other legal responsibility on our part, including with regard to existing third party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, or guarantee of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer. Reference to trade names used by other companies is neither a recommendation, nor does it imply that similar products could not be used.
